PRESS RELEASE

26 February 2016

Buckner Companies to host third Lift & Move USA careers event

The third Lift & Move USA moves to Graham, NC and will be hosted by Buckner Companies. The event promotes careers in the crane, rigging and specialized transport industries and aims to inspire and educate the next generation of drivers, mechanics, welders, operators, and riggers.

Following the success of the second Lift & Move USA careers event in Houston February 10 – attended by more than 700 students and military veterans – North Carolina-based Buckner Companies will host the third conference May 17.

Lift & Move USA is an industry initiative to promote job opportunities in the crane, rigging and specialized transport industries, and is targeted at high school students, college students and military veterans.

The event is jointly organised by Specialized Carriers & Rigging Association (SC&RA), the National Commission for the Certification of Crane Operators (NCCCO), and industry publisher KHL Group, owners of American Cranes & Transport magazine.

“We are extremely excited to be hosting a Lift & Move USA event here at the Buckner Companies facility in Graham, NC”, said Doug Williams, president and CEO of Buckner Companies.

“We firmly believe that recruiting and hiring talented members of the next generation’s workforce is critical to the success and sustainability of our company.

“By partnering with industry ambassadors SC&RA, KHL and NCCCO, Buckner Companies is building toward this common goal that is at the heart of the Lift & Move USA events.

“We are embracing the opportunity to showcase exceptional careers in the crane, rigging, and specialized transport industries and looking forward to a successful event right here in the Carolinas.”

The event is free for students, parents, teachers and veterans, with industry representative paying a \$150 registration fee. All attendees have to register in advance at www.liftandmoveUSA.com

The conference, which is organised in cooperation with SkillsUSA, the national organization that helps students prepare for careers in technical, skilled and service occupations, will provide attendees with an overview of job opportunities in the industry alongside personal testimonies from young people already working in the sector.

The event will promote career opportunities to the next generation of employees, highlighting all sorts of jobs, from crane operators, truck drivers and CAD design engineers to mechanics, welders and sales staff.

More details can be found at: www.liftandmoveUSA.com

INFORMATION FOR EDITORS

Crane, specialized transport and rigging companies work in a wide range of industries including construction, oil and gas, energy and transportation. They provide cranes, heavy transport and specialized rigging services.

Photos of the first two Lift & Move USA events, and the Lift & Move logo, can be downloaded from the 'Contacts/Media' page at www.liftandmoveUSA.com.

The May 17 event hosted by Buckner Companies will take place at Buckner's head office at: 4732 NC HWY 54 East, Graham, NC 27253.
